Swifterdisc XE 12400

- Super aggressive A-discs, produce the best stubble cutting and mixing action
- Excellent for incorporating lime and stubble at depth and levelling the paddock.
- Kills weed and leaves an impressive seedbed with the moisture locked in by the V-ring packers!

Fixes your seeding trash flow problems in one pass!

Terraland TO 6000

- Super deep ripper! Rips down to 60cm (24 inches)
- One pass operation to super deep rip, mix clay and incorporate lime that also packs the surface for an excellent seed bed.
- The most economical way to transform poor to average sandplain into highly productive country in one pass!
- Medium to heavy country is also responding with great results!
